Sir,

I have the honour to state that all the houses in the Weavers' Lines at Mysore have been sold and they are now being occupied by people. The construction of houses in the Holagere which is above the Weavers' Lines is progressing rapidly and many people have already occupied the houses newly built by them.

When the weavers Lines and the Holagere under construc-tion, are fully occupied, a branch dispensary and a police station will be most necessary in the interest of the health and the safty of the large population of this part of the City

Moreover the construction of houses for Palace servants on the site of the old Holagere will also be put in hand in the near future

I beg to request that you will be so good as to move
